

DURACELL®

POWERPACK 450

Portable & Emergency
Power

Provides Portable Power with On-Demand Voice Instruction and System Status

The Duracell® Powerpack 450 is easy to use and ready when you need it to provide 450 watts of household power. Its voice technology instantly gives you information on the expected runtime of your devices the second you plug them in. In addition, its on-demand information provides battery status so that you know if your Powerpack is charged before you leave the house. In emergency situations, the step-by-step usage instructions walk you through what to do to jumpstart your car or use the air compressor to inflate a tire. Powerful enough to jumpstart both 4 and 6 cylinder engines, the Powerpack is suitable companion for a car, truck, boat or small RV. The Powerpack can power a wide range of DC products from coolers at the beach to DC chargers for cell phones, GPS systems and handheld game consoles.

Product Features:

- ▶ Runs 120-volt AC applications (two outlets)
- ▶ Runs 12-volt DC applications (one outlet)
- ▶ One AC charger included
- ▶ One DC charging cable included
- ▶ Micro processor controlled voice technology provides instant system diagnosis information on device runtime, battery status and fault conditions
- ▶ 150 PSI air compressor for inflating tires and small sports equipment
- ▶ Jumper cables designed for safe and efficient jump-starting
- ▶ Built-in light provides illumination in emergency situations at home and on the road
- ▶ Recharge at home or from a vehicle

Product Applications:

Work and Outdoor Power:

Will operate small power tools, stereos, internet modems and computers

Home Backup Power:

Will operate camcorders, video games, blenders, TVs, fans, laptops and clock radios

Emergency Power:

Will operate cordless phones, radios, lights and will inflate ties and jumpstart vehicles

Safely & easy, the Powerpack can talk you through the step by step process of jumpstarting a car.

Plug in your device or appliance and instantly hear its estimated run-time

Product Specifications

AC		DC	
AC output power (max. continuous)	340 W	Internal battery type	Sealed lead-acid, AGM
AC output power (peak)	450 W	Internal battery capacity	17 Ah, 170 CCA
AC output surge capacity (peak)	600 W	Internal battery voltage	12 Vdc
AC output voltage (nominal)	115 V	DC power socket (circuit breaker)	12 A (automatic reset)
AC output frequency	60 Hz		
AC output waveform	Modified Sine Wave		
Inverter no-load current	< 0.5 amps (battery drain with no load on inverter)		
Inverter low-battery alarm	11.0 V (nominal)		
Inverter low-battery shutdown	10.5 V (nominal)		

General Specifications

Part number	852-1950-07	Jump-start cables	24" (61 cm), 4 AWG
Unit dimensions (L x W x H)	16 x 8 x 9.5" (40.8 x 20.3 x 24.1 cm)	Air compressor	150 PSI
Unit weight	20.5 lb (9.3 kg)	Incandescent light	5 watt 12 volt lamp
Warranty	Twelve months		
Operating temperature	32°F to 104°F (0°C to 40°C)		
Storage temperature	32°F to 86°F (0°C to 30°C)		

Charging System

AC charger bulk charging current	400 mA (maximum)
Peak charging voltage	15.0 V (nominal)
Charge restart voltage	12.9 V (nominal)
Float charge current	1 mA (nominal)
Charger input socket current	2.5 A (maximum)

Charging Time

From AC outlet	Max. 35 hours*
From DC outlet	Max. 3 hours*

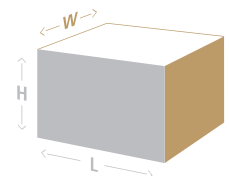

*Maximum charging time occurs when battery is completely discharged

Packaging Specifications

	Retail Package*	Master Carton
Size (L x W x H)	17.5 x 11.0 x 11.0" (44.5 x 27.9 x 27.9 cm)	18.25 x 12.0 x 12.0" (46.4 x 30.4 x 30.4 cm)
Count	1	1
Weight	22.4 lb (10.2 kg)	23.7 lb (11.7 kg)
UPC number	609525752397	

* Box
